This book addresses this gap, providing an in-depth exploration of the processes which underpin correctional relationships within probation. Through an innovative methodology, it examines how practitioners can enhance their practice by understanding how relationships form, deepen and end effectively. For the first time, it draws on the experiences of offenders and practitioners to uncover the darker side to relationships, identifying how they can

early correctional experience for women (Dorothea Dix being a notable exception—there will be more about her and her observations about the state of corrections in 1845 in Chapter 3). Yet some of the themes that run through the practice of corrections apply to women and girls as well, but with a twist.
