He became good at selling just about anything and at buying items for what they were worth. On any given day, he could be taking a vintage car in to pawn or chasing down a thief who's just stolen a gold chain from the store. No business school in the world can teach you as much about buying, selling, negotiating, managing employees, dealing with customers, advertising, tracking trends, and predicting the economy's ups and downs. In this entertaining, honest book, Gold takes you inside some of his weirdest, wackiest deals and steals. From the monkey his dad once took in to pawn to the deal Gold made for a stripper pole, he has no boundaries for
