Volume of a Prism Practice Questions - Corbettmaths
Now, the question also gave us the volume: 54cm^3 , so we can equate this value to the expression we found above and voila, we have an equation: $6(x+5)=54$. Now, we solve this equation to find x. First, divide both sides by 6 to get: $x+5=54\div 6=9$. Then, subtracting 5 from both sides we get the answer to be: $x=9-5=4\text{cm}$

The first few questions are quite straightforward, but the difficulty gradually increases and the later questions will be a challenge, even to the best mathematicians in a class <hr>I usually print these questions as an A5 booklet and issue them in class or give them out as a homework.

Developed for the CCEA Specification, this Teacher File contains detailed support and guidance on advanced planning, points of emphasis, key words, notes for the non-specialist, useful supplementary ideas and homework sheets.

The new edition of Pearson Edexcel GCSE (9-1) Mathematics Higher Student Book 1 develops reasoning, fluency and problem-solving to boost students' confidence and give them the best preparation for GCSE study. Purposefully updated based on feedback from thousands of teachers and students, as well as academic research and impact studies Bolsters preparation for GCSE with new questions that reflect the latest exams and a format that seamlessly aligns with our GCSE Maths courses Shown to help GCSE students master maths with confidence with a UK-specific approach that draws upon global best practices and cutting-edge research Tried-and-tested differentiation with a unique unit structure and improved pacing to support every student's progress Extra skills-building support, problem-solving, and meaningful practice to consolidate learning and deepen understanding New additions to boost progression and post-GCSE study such as 'Future skills questions' and 'Working towards A level' features

A textbook covering all the requirements for GCSE Intermediate Maths in three graded stages. It also serves as a revision programme consisting of a summary and mixed exam questions at the end of each stage. Included are reminders of key topics and work done at Key Stage 3 with fact sheets phased throughout Stage 1. A range of icons guide the user throughout the material, indicating the topics covered, key objectives, definitions, formulas, dos and don'ts and sample questions.

The book contains 24 official Edexcel GCSE Questions covering variety of topics, and all answers are verified. The book is in ePUB format which makes it a mobile friendly, so the text naturally flows through your device and guides you through recent GCSE Math Exams Questions. It is easy to search and navigate and it is always at your fingertips. Read It Anytime, Anywhere!

Practise and prepare for AQA GCSE Chemistry with hundreds of topic-based questions and one complete set of exam practice papers designed to strengthen knowledge and prepare students for the exams. This extensive practice book raises students' performance by providing 'shed loads of practice', following the 'SLOP' learning approach that's recommended by teachers. - Consolidate knowledge and understanding with practice questions for every topic and type of question, including multiple-choice, multi-step calculations and extended response questions. - Develop the mathematical, literacy and practical skills required for the exams; each question indicates in the margin which skills are being tested. - Confidently approach the exam having completed one set of exam-style practice papers that replicate the types, wording and structure of the questions students will face. - Identify topics and skills for revision, using the page references in the margin to refer back to the specification and accompanying Hodder Education Student Books for remediation. - Easily check answers with fully worked solutions and mark schemes provided in the book.

"GCSE GEOLOGY, EARTH, AND SPACE SCIENCES Study Guide" 600 questions and answers. Essential definitions and concepts. Topics: Calculations, Earth's Origin, Save Our Planet, Minerals, Rocks, Weathering, Groundwater, Running Water, Glaciers, The Changing Crust, The Oceans, Maps, The Atmosphere, Wind, Weather Patterns, Introduction to Astronomy ===== ADDITIONAL WORKBOOKS: "GCSE WORLD HISTORY Study Guide" 600 questions and answers (ILLUSTRATED).
