book, but a very human and enjoyable one, about this most colourful of all British kings.

George IV spent most of his life waiting to become king: as a pleasure-loving and rebellious Prince of Wales during the sixty-year reign of his father, George III, and for ten years as Prince Regent, when his father went mad. 'The days are very long when you have nothing to do' he once wrote plaintively, but he did his best to fill them with pleasure - women, art, food, wine, fashion, architecture. He presided over the creation of the Regency style, which came to epitomise the era, and he was, with Charles I, the most artistically literate of all our kings. Yet despite his life of luxury and indulgence, George died alone and unmourned. Stella Tillyard has not written a judgemental book, but a very human and enjoyable one, about this most colourful of all British kings.

For a man with such conventional tastes and views, George V had a revolutionary impact. Almost despite himself he marked a decisive break with his flamboyant predecessor Edward VII, inventing the modern monarchy, with its emphasis on frequent public appearances, family values and duty. George V was an effective war-leader and inventor of 'the House of Windsor'. In an era of ever greater media coverage--frequently filmed and

Download Ebook George Iv Penguin Monarchs King In Waiting

initiating the British Empire Christmas broadcast--George became for 25 years a universally recognised figure. He was also the only British monarch to take his role as Emperor of India seriously. While his great rivals (Tsar Nicolas and Kaiser Wilhelm) ended their reigns in catastrophe, he plodded on. David Cannadine's sparkling account of his reign could not be more enjoyable, a masterclass in how to write about Monarchy, that central--if peculiar--pillar of British life.

'After my death,' George V said of his eldest son and heir, 'the boy will ruin himself within twelve months.' The forecast proved uncannily accurate. Edward VIII came to the throne in January 1936, provoked a constitutional crisis by his determination to marry the American divorcée Wallis Simpson, and abdicated in December. He was never crowned king. In choosing the woman he loved over his royal birthright, Edward shook the monarchy to its foundations. Given the new title 'Duke of Windsor' and essentially sent into exile, he remained a visible skeleton in the royal cupboard until his death in 1972 and he haunts the house of Windsor to this day. Drawing on unpublished material, notably correspondence with his most loyal (though much tried) supporter Winston Churchill, Piers Brendon's superb biography traces Edward's tumultuous public and private life from bright young prince to troubled

Download Ebook George Iv Penguin Monarchs King In Waiting

sovereign, from wartime colonial governor to sad but glittering expatriate. With pace and panache, it cuts through the myths that still surround this most controversial of modern British monarchs.

Written by Philip Ziegler, one of Britain's most celebrated biographers, George VI is part of the Penguin Monarchs series: short, fresh, expert accounts of England's rulers in a collectible format. If Ethelred was notoriously 'Unready' and Alfred 'Great', King George VI should bear the title of 'George the Dutiful'. Throughout his life, George dedicated himself to the pursuit of what he thought he ought to be doing rather than what he wanted to do. Inarticulate and loathing any sort of public appearances, he accepted that it was his destiny to figure conspicuously in the public eye, gritted his teeth, battled his crippling stammer and got on with it. He was not born to be king, but he made an admirable one, and was the figurehead of the nation at the time of its greatest trial, the Second World War. This is a brilliant, touching and sometimes funny book about this reluctant public figure, and the private man. Philip Ziegler is the author of the authorised biographies of Mountbatten, Harold Wilson and Edward Heath. His other books include The Duchess of Dino, William IV, The Black Death and most recently Olivier. Initially a diplomat, he worked for many years in book publishing before becoming

In 1461 Edward earl of March, an able, handsome, and charming eighteen-year old, usurped the English throne from his feeble Lancastrian predecessor Henry VI. Ten years on, following outbreaks of civil conflict that culminated in him losing, then regaining the crown, he had finally secured his kingdom. The years that followed witnessed a period of rule that has been described as a golden age: a time of peace and economic and industrial expansion, which saw the establishment of a style of monarchy that the Tudors would later develop. Yet, argues A. J. Pollard, Edward, who was drawn to a life of sexual and epicurean excess, was a man of limited vision, his reign remaining to the very end the narrow rule of a victorious faction in civil war. Ultimately, his failure was dynastic: barely two months after his death in April 1483, the throne was usurped by Edward's youngest brother, Richard III.

James's reign marked one of the very rare major breaks in England's monarchy. Already James VI of Scotland and a highly experienced ruler who had established his authority over the Scottish Kirk, he marched south on Elizabeth I's death to become James I of England and Ireland, uniting the British Isles for the first time and founding the Stuart dynasty which would, with several lurches, reign for over a century. Indeed his descendant still occupies the throne. A complex, curious man and great survivor,

Download Ebook George Iv Penguin Monarchs King In Waiting

James drastically changed court life in London and presided over such major projects as the Authorized Version of the Bible and the establishment of English settlements in Virginia, Massachusetts, Gujarat and the Caribbean. Although he failed to unite England and Scotland, he insisted that ambassadors acknowledge him as King of Great Britain and that vessels from both countries display a version of the current Union Flag. He was often accused of being too informal and insufficiently regal - but when his son, Charles I, decided to redress these criticisms in his own reign he was destroyed. How much of the roots of this disaster were to be found in James's reign is one of the many problems dramatized in Thomas Cogswell's brilliant and highly entertaining new book.

The acclaimed Penguin Monarchs series: short, fresh, expert accounts of England's rulers - now in paperback Edward I (1272-1307) is one of the most commanding of all English rulers. He fought in southwest France, in Wales, In Scotland and in northern France, he ruled with ruthlessness and confidence, undoing the chaotic failure of his father, Henry III's reign. He reshaped England's legal system and came close to bringing the whole island of Great Britain under his rule. He promoted the idea of himself as the new King Arthur, his Round Table still hanging in Winchester Castle to this day. His greatest monuments are the extraordinary castles - Caernarfon,

Download Ebook George Iv Penguin Monarchs King In Waiting

Beaumaris, Harlech and Conwy - built to ensure his rule of Wales and some of the largest of all medieval buildings. Andy King's brilliant short biography brings to life a strange, complex man whose triumphs raise all kinds of questions about the nature of kingship - how could someone who established so many key elements in England's unique legal and parliamentary system also have been such a harsh, militarily brutal warrior?
