Of course, any taxes that are due must be paid in a timely manner to avoid interest and penalties.

An indispensable book for the tens of millions of people who will inherit "trillions" of dollars in the coming decades, "How to Inherit Money" stresses the need to identify and resolve the symptoms of grief "before" making fundamental decisions about the management of an inheritance.

The complete guide for managing the financial, legal, and emotional issues of inheritances large and small. A death in the family is never easy, but receiving an inheritance, whether expected or not, can leave heirs feeling overwhelmed and even guilty at this change in their fortunes. Ann Perry's insightful examination of the challenges make managing a bequest a little easier. Combining her practical know-how as a personal finance writer, the expertise of financial advisors, attorneys, and psychologists, and the wisdom gained from her personal inheritance experience, Perry deftly deals with such touchy subjects as selling the family homestead, divvying up property in blended families,❏ parceling out heirlooms, dividing a family business, and sharing❏or not sharing❏an inheritance with a spouse. With refreshing candor, Perry addresses the guilt, grief, and unrealistic fantasies that can keep heirs from making the most of their windfalls, and also explores the unique, even life-changing, opportunities that a bequest can present. An excellent tool for estate planning, as well, this is essential reading for those who are writing their wills as well as those who are remembered in one.

This expert, one-of-a-kind handbook shows you how to: Ensure that your inheritance instructions will be carried out -- the way you want them to be Protect your child's inheritance from creditors, ex-spouses, addictions, tax troubles, mismanagement, squandering, and other risks of loss Prevent family conflict that can arise when parents die and children divide the "family money" Leave more money to your children and grandchildren, and less to the IRS -- and understand the hidden cost of a "death tax" repeal

Looks at the psychological aspects of why families fight over estates and offers recommendations on how to prevent inheritance disputes and preserve family relationships.

Will your great-great-grandchildren know your name? Will they know your story, your beliefs, and the principles you hold dear? Research has shown that 90 percent of inherited wealth disappears by the third generation. And if the money you leave behind never reaches your grandchildren, chances are your values will be lost to them as well. But Justin Bianche has developed a practical plan that will help you safeguard your history, beliefs, and cherished principles along with your financial assets for many generations to come. Based on Justin's experience with hundreds of retirees and their families, The Great Inheritance features deeply personal stories that illustrate what's possible for your family. It provides the wisdom and guidance to help you unite your loved ones, clarify a shared family vision, and create a lasting legacy. Whether your estate is worth thousands or millions, if you would like your children's children to inherit who you are along with what you have, this book is the perfect guide.

Inheritances are often regarded as a great 'evil', enabling great fortunes to be passed from one generation to another, exacerbating wealth inequality, and reducing wealth mobility. Using data from the Survey of Consumer Finances, the Panel Study of Income Dynamics, and a simulation model over years 1989 to 2010, the author reports six major findings.

Dave Ramsey explains those scriptural guidelines for handling money.
