that you are "too sensitive"? Do you struggle to respect a less-sensitive partner? Or have you given up on love, afraid of being too sensitive or shy to endure its wounds? Statistics show that 50 percent of what determines divorce is genetic temperament. And, if you are one of the 20 percent of people who are born highly sensitive, the risk of an unhappy relationship is especially high. Your finely tuned nervous system, which picks up on subtleties and reflects deeply, would be a romantic asset if both you and your partner understood you better. But without that understanding, your sensitivity is likely to be making your close relationships painful and complicated. Based on Elaine N. Pathological mind games. Covert and overt put-downs. Triangulation. Gaslighting. Projection. These are the manipulative tactics survivors of malignant narcissists are unfortunately all too familiar with. As victims of silent crimes where the perpetrators are rarely held accountable, survivors of narcissistic abuse have lived in a war zone of epic proportions, enduring an abuse cycle of love-bombing and devaluation-psychological violence on steroids. From how to heal our addiction to the narcissist to how to recognize a covert narcissist, Shahida Arabi's articles on narcissistic abuse have gained renown as some of the
