How to answer biology questions: Evaluate Command Word. Command words such as suggest, explain, describe and analyse are common in GCSE science exams. They tell the student how to answer the question. If you can begin to identify the key command words in practice test papers and use them to guide you in your answer, you will go a long way towards gaining full marks.

In what capacity? In terms of exam style IGCSE is more geared towards high end questions, and like the new style GCSE, you have no coursework component but will have to answer questions that test your practical knowledge and ability to interpret experimental data (your teachers should cover the relevant experiments with you in your lessons). Hope this helps, but feel free to ask further questions!
