As the long-time #1 best-seller, Garrison has helped guide close to 3 million students through managerial accounting since it was first published. It identifies the three functions managers must perform within their organisations-plan operations, control activities, and make decisions-and explains what accounting information is necessary for these functions, how to collect it, and how to interpret it. Garrison's Managerial Accounting is known for its relevance, accuracy, and clarity. It is also unique in that the authors write the most important supplements that accompany the book: solutions manual, test bank, instructor's manual, and study guide - making them both of high quality and extremely consistent with the textbook.

As the long-time #1 best-seller in Managerial Accounting, the 17th edition of Garrison/Noreen/Brewer's Managerial Accounting successfully guides students through the Managerial Accounting course and beyond. Not only does the Garrison text teach students Managerial Accounting concepts in a clear and concise way, but it also asks students to consider how the concepts they're learning will apply to the real-world situations they will eventually confront in their careers. Garrison's 17th edition improves student learning and fosters course and career readiness with its emphasis on relevance, accuracy, and clarity while also embracing innovation through the incorporation of Data Analytics Exercises. With world class content, combined with the powerful platform of Connect to engage and enhance learning, students are provided with a framework to achieve higher outcomes in their Managerial Accounting course and beyond.

Warren/Reeve/Duchac ' s MANAGERIAL ACCOUNTING 14E provides a solid foundation in managerial accounting fundamentals, while motivating students to learn by showing how accounting is important to business. Business examples and a new chapter schema provide context for readers, demonstrating how each chapter ' s content fits into the big picture, connecting fundamental concepts with real businesses. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

International Accounting can be viewed in terms of accounting issues uniquely confronted by companies involved in international business. It also can be viewed more broadly as the study of how accounting is practiced in each and every country around the world, learning about and comparing the differences in various accounting methods.
