Mathematical Statistics - Online Math Help & Learning ...

Statistics is the study of the collection, analysis, interpretation, presentation, and organization of data. In other words, it is a mathematical discipline to collect, summarize data. According to Merriam-Webster dictionary, statistics is defined as "classified facts representing the conditions of a people in a state" especially the facts that can be stated in numbers or any other tabular or classified arrangement.

In this formula, MOE represents the desired margin of error (which you set ahead of time), and σ represents the population standard deviation. If σ is unknown, you can estimate it with the sample standard deviation, s , from a pilot study; z^* is the critical value for the confidence level you need.
