Foundations of Contract Law by The Law Simplified | An ATHE Endorsed Programme The Social Contract (FULL Audiobook) **Philosophical Foundations Of Contract Law** In the last ten years, there has been a revival of interest in the philosophical study of contract law. Much of the discussion relates back to Charles Fried's 1981 claim that contract law is based on the philosophy of promise, generating what is today known as "the contract and promise debate.". This volume taps into this renewal of interest by bringing together leading philosophers, legal theorists, and contract lawyers to discuss the philosophical foundations of this area of law.

Philosophical Foundations of Contract Law - Oxford Scholarship

In 1981 Charles Fried claimed that contract law is based on the philosophy of promise and this has generated what is today known as 'the contract and promise debate'. Cutting to the heart of contemporary discussions, this volume brings together leading philosophers, legal theorists, and contract lawyers to debate the philosophical foundations of this area of law.

Philosophical Foundations of Contract Law - Hardcover

Principled arguments of contract start from above. They ask first what justifies having a law of contract, and from that derive what the rules of contract law should be. Interpretive arguments begin from below. They examine the contract law we have, then ask what functions and justifications provide the best account of the practice.

The Philosophical Origins of Modern Contract Doctrine

The book claims that traditional theories of contract law which argue either that contract law reflects or mirrors the morality of promise, or instead that it pursues its own distinct ends or goals, such as economic efficiency, both seriously mishandle legal doctrine by ignoring or underplaying the irreducible plurality of values that shape contract law.
