The 996 was initially available in a coupé or a cabriolet (Convertible) bodystyle with rear-wheel drive, and later with four-wheel drive, utilising a 3.4 litre flat-6 engine generating a maximum power output of 221 kW (300 PS; 296 hp). The 996 had the same front end as the entry-level Boxster. After requests from the Carrera owners about their premium cars looking like a "lower priced car that looked just like theirs did", Porsche redesigned the headlamps of the Carrera in 2002 similar to ...

This book on the Porsche 911 (996) series is the fourth of a planned six. It carries on the tradition established with the author's first Porsche 911 book on the 964 series. Everything a 996 owner needs to know plus a lot more is contained within the covers of this book. Every known model and version is described. The various engines and engine management systems for the many different nations of the world are covered - no matter where the owner resides, their version of the 996 is addressed. Manual and Tiptronic transmissions, including the automatic transmission fitted to the AWD Carrera 4 and Turbo models, are explained in detail, as are the different suspension systems. All the new technology advancements of the 996 of which Ferry Porsche was so proud are written about, along with all the advantages and improvements over previous 911 models. With 1300 photos and extensive
