The authors make a convincing argument for the kinds of activities they present and the Introduction is quite comprehensive for any teacher. For teachers just starting out in the profession, it is especially useful as it gives an overview of the field in simple language, with a minimum of jargon. The rest of the Introduction gives instructions for using the book. There are four chapters: Basic ...

In this section, we provide a selective review of ELT research and offer some evidence-based suggestions for such evaluation. Coniam's (2014) research is one of the earliest studies in this regard, wherein responses generated from five conversation chatbots were examined in terms of vocabulary, grammar, and meaning fit.
