Raechels Eyes A Strange But True Case Of A Human Alien Hybrid

Raechels Eyes was a very thought provoking read. If even half of it is true then there is A LOT more strange things going on in this world than most of us would dare to even dream. It is the story of a legally blind girl being paired with an alien hybrid as her college roommate.

who did not fit it — one legally blind and needing assistance, and the other with a strange diet, but seemingly no history at all. This fascinating story, written from experience and years of research as documented in Part II, crackles like science fiction but is true. It answers two important questions: Why haven't aliens landed on the White House lawn, and why haven't they taken over the Earth? Marisa's story invites you to expand your vision, to see the world, and ultimately the universe, through the eyes of a blind girl, her mother, and most

Open Blind Eyes brings you face to face with the reality of sex trafficking in America through the true story viewpoint of a girl from a small town. Rachel was only nine years old when she was first approached by a perpetrator who was known to her as a teacher and coach. She goes into detail of the process of being groomed and how the evil of what was happening to her in the dark remained unseen by everyone around her. She describes how she coped for so many years by blocking out the memories only to

have them resurface when she was an adult with a family of her own. Rachel had no idea that when she would pursue justice it would end up putting her right back in the world of trafficking. It wasn't until her church family saw the signs and believed what she was saying that she was able to start the process of finding freedom. Rachel shows her faith and love of God during the highs and lows of her journey and she prays for each person who reads her story. That their eyes will be opened and their actions will lead us toward ending sex trafficking in our world.

From the moment Rachel's family takes in her orphaned cousin Julia, strange things start to happen. Rachel grows suspicious but soon finds herself alienated from her own life. Julia seems to have enchanted everyone to turn against her, leaving Rachel on her own to try and prove that Julia is a witch. One thing about Julia is certain-she is not who she says she is, and Rachel's family is in grave danger.

This story will make you rethink your stance about the human-alien interaction on Earth.

"12-12-12" is the story of a great nation falling apart and one young man's quest for meaning in the midst of chaos. It takes the stuff of reality and pitches it to a high scream. Open your mind but cover your ears.

Knowledge is bliss but it's loud and painful. Yet somehow still funny.

"12-12-12" manages to tell it like it is by telling it like it isn't. Granted, this is not what actually happened during 2012. But what unfolds is not more implausible. Nor is it less implausible. It's dark, ironic, witty, at times surrealistic and just plain weird. One reviewer calls it
