The Say It With Charts Complete Toolkit [Book]

The pie chart and bar chart are

Access Free Say It With Charts The Executives

used to compare different components with another at one point in time, but you have data that is showing changes over time, you can use a column chart or line chart. Zelazny says that picking between the two forms depends on how many data points you are

Access Free Say It With Charts The Executives

plotting – fewer use the column
chart, more (many years) use the
line chart.
