In 2015, Booklist observed, " the arrival of Hauser ’ s annual boxing review is akin to Christmas morning for fight fans. Nobody knows a sport any better than Hauser knows boxing. " Each year, readers, writers, and critics alike look forward to Thomas Hauser ’ s annual collection of articles about the contemporary boxing scene. He ’ s one of the last real champions of boxing and one of the very best who has ever written about the sport. A Hard World continues this tradition of excellence with dressing-room reports from big fights like Canelo Alvarez vs. Miguel Cotto, a behind-the-scenes look at Floyd Mayweather vs. Manny Pacquiao, and a foray into the world of mixed martial arts for a compelling portrait of Ronda Rousey. Most importantly, this new collection contains Hauser ’ s groundbreaking two-part investigative report on the relationship between the United States Anti-Doping Agency and boxing, a report that shook the industry and raised fundamental questions regarding the integrity of USADA ’ s drug-testing procedures as applied to boxing.

'Hello, is that Jonathan Rendall?' 'Speaking.' 'My name's Rachel. I'm calling from Yellow Jersey Press and I have a proposal for you. I'm looking for someone to give £12,000 to but the catch is they have to spend it all on gambling - horses, the dogs, casinos, boxing, golf, footie, that sort of thing - and then write a book about it. Any profits made are entirely that person's but if they lose it all I still want my book. It's high risk but without wanting to assume too much, I've heard a bit about you and somehow I thought it may appeal. Think about it - you'd have the opportunity to lay some serious bets offering serious returns, you could play hard ball in poker games for once, even go to Vegas and, as I said, those winnings are yours to blow in whatever way you wish'. 'When do I start?

The definitive, revelatory biography of Marvel Comics icon Stan Lee, a writer and entrepreneur who reshaped global pop culture—at a steep personal cost “ A biography that reads like a thriller or a whodunit . . . scrupulously honest, deeply damning, and sometimes even heartbreaking. ” —Neil Gaiman Stan Lee was one of the most famous and beloved entertainers to emerge from the twentieth century. He served as head editor of Marvel Comics for three decades and, in that time, became known as the creator of more pieces of internationally recognizable intellectual property than nearly anyone: Spider-Man, the Avengers, the X-Men, Black Panther, the Incredible Hulk . . . the list goes on. His carnival-barker marketing prowess helped save the comic-book industry and superhero fiction. His cameos in Marvel movies have charmed billions. When he died in 2018, grief poured in from around the world, further cementing his legacy. But what if Stan Lee wasn ’ t who he said he was? To craft the definitive biography of Lee, Abraham Riesman conducted more than 150 interviews and investigated thousands of pages of private documents, turning up never-before-published revelations about Lee ’ s life and work. True Believer tackles tough questions: Did Lee actually create the characters he gained fame for creating? Was he complicit in millions of dollars ’ worth of fraud in his post-Marvel life? Which members of the cavalcade of grifters who surrounded him were most responsible for the misery of his final days? And, above all, what drove this man to achieve so much yet always boast of more?

A gritty, spirited inside look at the world of amateur boxing today The Golden Gloves tournament is center stage in amateur boxing-a single-elimination contest in which young hopefuls square off in steamy gyms with the boxing elite looking on. Robert Anasi took up boxing in his twenties to keep in shape, attract women, and sharpen his knuckles for the odd bar fight. He thought of entering "the Gloves," but put it off. Finally, at age thirty-two-his last year of eligibility-he vowed to fight, although he was an old man in a sport of teenagers and a light man who had to be even lighter (125 pounds) to fight others his size. So begins Anasi's obsessive preparation for the Golden Gloves. He finds Milton, a wily and abusive trainer, and joins Milton's "Supreme Team": a black teenager who used to deal guns in Harlem, a bus driver with five kids, a hard-hitting woman champion who becomes his sparring partner. Meanwhile, he observes the changing world of amateur boxing, in which investment bankers spar with ex-convicts and everyone dreads a fatal blow to the head. With the Supreme Team, he goes to the tournament, whose outcome, it seems, is rigged, like so much in boxing life today. Robert Anasi tells his story not as a journalist on assignment but as a man in the midst of one of the great adventures of his life. The Gloves, his first book, has the feel of a contemporary classic.
