WINNER OF THE 2021 INTERNATIONAL BOOKER PRIZE* *A BARACK OBAMA SUMMER READING LIST SELECTION Winner of the Los Angeles Times Book Prize for fiction "Astonishingly good." "Lily Meyer, NPR "So incantatory and visceral I don't think I'll ever forget it." "Ali Smith, The Guardian | Best Books of 2020 One of The Wall Street Journal's 11 best books of the fall | One of The A.V. Club's fifteen best books of 2020 | A Sunday Times best book of the year Selected by students across France to win the Prix Goncourt des Lycéens, David Diop's English-language, historical fiction debut *At Night All Blood is Black* is a "powerful, hypnotic, and dark novel" (Livres Hebdo) of terror and transformation in the trenches of the First World War. Alfa Ndiaye is a Senegalese man who, never before having left his village, finds himself fighting as a so-called "Chocolat" soldier with the French army during World War I. When his friend Mademba Diop, in the same regiment, is seriously injured in battle, Diop begs Alfa to kill him and spare him the pain of a long and agonizing death in No Man's Land. Unable to commit this mercy killing, madness creeps into Alfa's mind as he comes to see this refusal as a cruel moment of cowardice. Anxious to avenge the death of his friend and find forgiveness for himself, he begins a macabre ritual: every night he sneaks across enemy lines to find and murder a blue-eyed German soldier, and every night he returns to base, unharmed, with the German's severed hand. At first his comrades look at Alfa's deeds with admiration, but soon rumors begin to circulate that this super soldier isn't a hero, but a sorcerer, a soul-eater. Plans are hatched to get Alfa away from the front, and to separate him from his growing collection of hands, but how does one reason with a demon, and how far will Alfa go to make amends to his dead friend? Peppered with bullets and black magic, this remarkable novel fills in a forgotten chapter in the history of World War I. Blending oral storytelling traditions with the gritty, day-to-day, journalistic horror of life in the trenches, David

Diop's *At Night All Blood is Black* is a dazzling tale of a man's descent into madness.

A raw and funny memoir about sex, dating, and relationships in the digital age, intertwined with a brilliant investigation into the challenges to love and intimacy wrought by dating apps, by firebrand New York Times bestselling author Nancy Jo Sales. At forty-nine, famed Vanity Fair writer Nancy Jo Sales was nursing a broken heart and wondering, "How did I wind up alone?" On the advice of a young friend, she downloaded Tinder, then a brand-new dating app. What followed was a raucous ride through the world of online dating. Sales, an award-winning journalist and single mom, became a leading critic of the online dating industry, reporting and writing articles and making her directorial debut with the HBO documentary *Swiped: Hooking Up in the Digital Age*. Meanwhile, she was dating a series of younger men, eventually falling in love with a man less than half her age. *Nothing Personal* is Sales's memoir of coming-of-middle-age in the midst of a new dating revolution. She is unsparingly honest about her own experience of addiction to dating apps and hilarious in her musings about dick pics, sexting, dating FOMO, and more. Does Big Dating really want us to find love, she asks, or just keep on using its apps? Fiercely feminist, *Nothing Personal* investigates how Big Dating has overwhelmed the landscape of dating, cynically profiting off its users' deepest needs and desires. Looking back through the history of modern courtship and her own relationships, Sales examines how sexism has always been a factor for women in dating, and asks what the future of courtship will bring, if left to the designs of Silicon Valley's tech giants—especially in a time of social distancing and a global pandemic, when the rules of romance are once again changing.

A collection of thrilling diving stories. There's everything from classic tales of wreck discoveries to encounters with beautiful and bizarre creatures beneath the waves. There are stories of death and disaster as well as bravery and triumph. Each tale has been chosen to stoke the fire of divers everywhere and some are illustrated with colour photographs. Take the plunge and read about the diver who discovered how to put sharks in a trance and the marine biologist who lost a limb trying to prove that sharks were safe to swim with. There's the tale behind the Red Sea's most famous wreck, as well as the Titanic's sister ship that keeps claiming divers' lives. Read about the politician attacked by a turtle, the saltwater crocodile that lost a sub-aqua scuffle and the eel feeding frenzy that almost claimed a life. The exciting and the extreme rub shoulders with more poetic pieces about the people and places that make up the folklore of this fascinating sport, and some are even brought to life by the author's photography. This global tour takes you everywhere: from Indonesia to the Caribbean and from the chill waters of Northern Europe to the reefs of the Pacific. Stories of technical pioneers are accompanied by quirky tales of adventure beneath the waves. Every ocean of the world is explored making this essential reading — or a wonderful gift — for divers everywhere.

"Fresh, fast-paced and fiendishly clever! If you love watching true crime and wonder about the psychopaths among us, this is the book for you!" — Lisa Gardner, #1 New York Times bestselling author
A Most Anticipated Novel of Fall 2021 by Newsweek, Goodreads, PopSugar, Crime Reads, SheReads, Crime by the Book, The Nerd Daily, and more!
You should never trust a psychopath. But what if you had no choice? It would be easy to underestimate Chloe Sevre. She's a freshman honor student, a legging-wearing hot girl next door, who also happens to be a psychopath. She spends her time on yoga, frat parties and plotting to kill Will Bachman, a childhood friend who grievously wronged her. Chloe is one of seven students at her DC-based college who are part of an unusual clinical study of psychopaths—students like herself who lack empathy and can't comprehend emotions like fear or guilt. The study, led by a renowned psychologist, requires them to wear smart watches that track their moods and movements. When one of the students in the study is found murdered in the psychology building, a dangerous game of cat and mouse begins, and Chloe goes from hunter to prey. As she races to identify the killer and put her own plan for revenge into action, she'll be forced to decide if she can trust any of her fellow psychopaths—and everybody knows you should never

trust a psychopath.

In this mind-altering romp—where the term “Metaverse” was first coined—you’ll experience a future America so bizarre, so outrageous, you’ll recognize it immediately — One of Time’s 100 best English-language novels Only once in a great while does a writer come along who defies comparison—a writer so original he redefines the way we look at the world. Neal Stephenson is such a writer and Snow Crash is such a novel, weaving virtual reality, Sumerian myth, and just about everything in between with a cool, hip cybersensibility to bring us the gigathriller of the information age. In reality, Hiro Protagonist delivers pizza for Uncle Enzo’s CosoNostra Pizza Inc., but in the Metaverse he’s a warrior prince. Plunging headlong into the enigma of a new computer virus that’s striking down hackers everywhere, he races along the neon-lit streets on a search-and-destroy mission for the shadowy virtual villain threatening to bring about infocalypse. Praise for Snow Crash “[Snow Crash is] a cross between Neuromancer and Thomas Pynchon’s Vineland. This is no mere hyperbole.”The San Francisco Bay Guardian “Fast-forward free-style mall mythology for the twenty-first century.”William Gibson “Brilliantly realized . . . Stephenson turns out to be an engaging guide to an onrushing tomorrow.”The New York Times Book Review

Connor might need a pinch runner, pinch catcher, and pinch thrower, but can he ever hit a baseball out of the park! So when Connor ends up staying with his baseball-loving relatives in Winnipeg for the summer, he allows his cousin to talk him into trying out for the baseball team. Connor isn’t surprised when he doesn’t make it, but he is disappointed. It’s going to take some powerful coaching and more than a little help from his friends to get Connor on the team. “Atkinson and Jewell invite each of us to reimagine one’s connection to the land while cultivating nature close to home. A must-read for anyone searching for inspired solutions for designing or refining a garden.” Emily Murphy, founder of Pass the Pistil From windswept deserts to misty seaside hills and verdant valleys, the natural landscapes of the American West offer an astounding variety of climates for gardens. Under Western Skies reveals thirty-six of the most innovative designs—all embracing and celebrating the very soul of the land on which they grow. For the gardeners featured here, nature is the ultimate inspiration rather than something to be dominated, and Under Western Skies shows the strong connection each garden has with its place. Packed with Atkinson’s stunning photographs and illuminated by Jewell’s deep interest in the relationships between people and the spaces they inhabit, Under Western Skies offers page after page of encouraging ingenuity and inventive design for passionate gardeners who call the West home.

A thrilling, exclusive expose of the hacker collectives Anonymous and LulzSec. WE ARE ANONYMOUS is the first full account of how a loosely assembled group of hackers scattered across the globe formed a new kind of insurgency, seized headlines, and tortured the feds—and the ultimate betrayal that would eventually bring them down. Parmy Olson goes behind the headlines and into the world of Anonymous and LulzSec with unprecedented access, drawing upon hundreds of conversations with the hackers themselves, including exclusive interviews with all six core members of LulzSec. In late 2010, thousands of hacktivists joined a mass digital assault on the websites of VISA, MasterCard, and PayPal to protest their treatment of WikiLeaks. Other targets were wide ranging—the websites of corporations from Sony Entertainment and Fox to the Vatican and the Church of Scientology were hacked, defaced, and embarrassed—and the message was that no one was safe. Thousands of user accounts from pornography websites were released, exposing government employees and military personnel. Although some attacks were perpetrated by masses of users who were rallied on the message boards of 4Chan, many others were masterminded by a small, tight-knit group of hackers who formed a splinter group of Anonymous called LulzSec. The legend of

Anonymous and LulzSec grew in the wake of each ambitious hack. But how were they penetrating intricate corporate security systems? Were they anarchists or activists? Teams or lone wolves? A cabal of skilled hackers or a disorganized bunch of kids? WE ARE ANONYMOUS delves deep into the internet's underbelly to tell the incredible full story of the global cyber insurgency movement, and its implications for the future of computer security.
