This is one of the most in-depth and scholarly attempts to explain the phenomena of the Celtic belief in fairies. Based on Evans-Wentz' Oxford doctoral thesis, it includes an extensive survey of the literature from many different perspectives, including folk-lore, history, anthropology and psychology. The heart of the book is the ethnographic fieldwork conducted by Evans-Wentz, an invaluable snapshot of the fairy belief system taken just on the cusp of modernity.

In this study, which is first of all a folk-lore study, we pursue principally an anthropo-psychological method of interpreting the Celtic belief in fairies, though we do not hesitate now and then to call in the aid of philology; and we make good use of the evidence offered by mythologies, religions, metaphysics, and physical sciences.

The Fairy-Faith in Celtic Countries is a study by W. Y. Evans-Wentz, American anthropologist who studied Celtic mythology and folklore. He performed ethnographic fieldwork collecting fairy folklore in Wales, Scotland, Ireland, Cornwall, Brittany, and the Isle of Man, and in this book he published his degree thesis. His goal was to elucidate the phenomenon of the Celtic belief in fairies. Some of the theories he came across are that the fairies were a cloistered race of dwarfs, that they are a product of our imagination, or that they are incorporeal spirits.
