Do pushups or jumping jacks if you like. After weeks of ignoring these needs your body will begin to ache and it will break your concentration on the lab. Don't neglect your diet either. You will have to sacrifice some personal things, such as social events, family time, and even exercise. Your body still requires energy and care, even as you fine-tune your mental skills while focusing on CCIE. When you make your own labs, make them difficult on purpose.
